From the Director's Desk

It is my pleasure to present Annual Report of NYSASDRI for the year 2022-23 and extremely grateful to dedicated and dynamic team members,

Governing Board Members

and Advisors who have exhibited their dedication and commitment to achieve mission oriented goal. The organization was founded in the year 1973 by the then visionaries of village Santhasara and I was involved directly with this organization in my college days in 1980. The first fund raising was taken place from the members and well wishers and the first amount we received Rs.19.00 as seed money. With that money, we started our journey then gradually in 1982 we got a grant from the Odisha Youth Welfare Board Rs.200.00 for conducting youth festival and youth engagement activities. The organization also registered in 1982 under Society Registration Act in Dhenkanal and we really surprised ourselves how quickly we have reached in 40 years of social service. We have walked through ups and downs but our determination brought us to reach this place.

Sarangadhar Samal

Member Secretary-cum-Director

NYSASDRI

Many of our founder members are no longer with us but their inspiration will remain with NYSASDRI to grow further. We are trying our level best to change ourselves the way time changing and that help us to set up a beautiful eye hospital called Kalinga Eye Hospital who caters multiple eye care services to thousand patients every year. We also set up a flagship academic institute NYSASDRI School of Journalism and Social Work through which every year 120 students becoming Professional Social Workers and Journalist. It was set up 10 years back in 2013. Like this we have contributed many institutions, empowered women, vulnerable community, provided shelter to needy and helpless women on regular basis. In KBK area we have set up NYSASDRI Educational Complex in 1997 since 24 years back and giving main stream education to tribal girls children. Every year more than 150 students are getting their primary education and building their future in that campus.

About NYSASDRI:

NYSASDRI (National Youth Service Action and Social Development Research Institute) has evolved from a village youth club founded in 1973 to a non-governmental organization (NGO) registered under the Indian Societies Registration Act XXI of 1860 (Registration No. DKL-390/80), the Foreign Contribution Regulation Act (FCRA) of 1976 (Registration No. 104890005), section 12(A) and 80(G) of the Income Tax Act in Odisha, and the CSR (SRN-TI5392962).

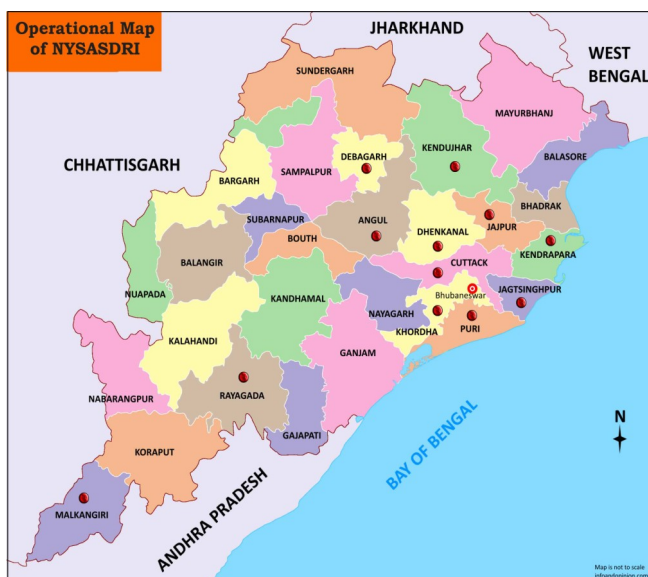

NYSASDRI primarily operates in remote and inaccessible pockets of nine districts in Odisha, areas where most of the population lives below the poverty line. Our development initiative targets the poor and vulnerable sections of Odisha's demographic, including women, children, the elderly, the disabled, the destitute, forest dwellers, disaster victims, and other underprivileged groups. We have strategically developed an integrated, direct service delivery approach through research, advocacy, and networking.

Vision:

To facilitate the process of establishing a just society by enabling underprivileged people to gain power and lead a higher quality of life with access to common resources and necessities.

Mission:

Empowering underprivileged communities through increased participation in developmental activities; ensuring proper utilization of resources within the community; raising the level of literacy; and expanding access to healthcare and education.

Operational Area and Target Groups:

NYSASDRI operates mostly in remote and inaccessible pockets of nine districts of Odisha, areas where most of the population lives below the poverty line. The operational districts are Angul, Cuttack, Deogarh, Dhenkanal, Jajpur, Keonjhar, Malkangiri, and Rayagada. In these districts, NYSASDRI works with marginalized people from scheduled tribes and scheduled castes, destitute women, children, people with disabilities, disaster victims, forest dwellers, people needing eye care or general health care, and other underprivileged groups.

Strategy:

NYSASDRI's development initiatives are based upon community participation. The goal is to increase local participation in the planning, implementation, monitoring, and evaluation of programs, so that the programs are self-sustaining and endure long after NYSASDRI's initial efforts. Additionally, increasing community involvement fosters local pride and cohesion.

The strategic approach of NYSASDRI encompasses:

- Community mobilisation
- Effective governance and management
- Education and awareness
- Developmental counselling
- Skill training via health, education, and livelihood programs
- Promotion and utilization of local resources
- Networking
- Research

National and international organizations affiliated with NYSASDRI:

- Member of the International Federation of Settlements and Neighborhood Centers (IFS)
- Kalinga Eye Hospital (a unit of NYSASDRI) is an NABH entry-level SHCO
- Associate Member of the United Nations Department of Global Communication (UNDGC) (UN Press Release PI/ 1597 Dated 20th July 2004)
- Member of Vision 2020, an organization formed by the International Agency For The Prevention of Blindness (IAPB) and the World Health Organization (WHO)
- Member of Voluntary Action Network India (VANI)
- Committee for Legal Aid to Poor (CLAP)
- Women Power Connect
- Member of Global Network of Civil Society Organizations for Disaster Reduction (GNDR)
- Kalinga Eye Hospital is empanelled with ECHS, BSKY, Star Health Insurance
- Affiliated with National Council of Vocational and Research Training (NCVRT) New Delhi and Singhanian University, Rajasthan

GOVERNING BODY OF NYSASDRI

- Mrs. Kusum Ghadai, Chairperson
- Mrs. Dipti Tripathy, Vice-Chairperson
- Mr. Sarangadhar Samal, Member Secretary
- Mr. Dharendra Kumar Mohanty, Treasurer
- Mr. Pravakar Nayak, Member
- Mr. Kalpana Sahoo, Member
- Mr. Manoj Sahoo, Member

Advisory Board:

- Maryel Dutrey, MAP, France
- Jennifer Staple-Clark, Unite For Sight, USA
- Dr. Asim Kumar Sil, Vivekananda Mission Ashram Netra Nirimaya Niketana, West Bengal
- Mark R.T Paul, Rural Development Consultant, New Delhi
- Dr. Rishi Raj Borah, ORBIS India Country Office, Gurgaon
- Shashi Ranjan Dash, Chartered Accountant, Bhubaneswar

Inside Story Headline

This story can fit 150-200 words.

One benefit of using your newsletter as a promotional tool is that you can reuse content from other marketing materials, such as press releases, market studies, and reports.

While your main goal of distributing a newsletter might be to sell your product or service, the key to a successful newsletter is making it useful to your readers.

A great way to add useful content to your newsletter is to develop and write your own articles, or include a calendar of upcoming events or a special offer that promotes a new product.

You can also research articles or find “filler” articles by accessing the World Wide Web. You can write about a variety of topics but try to keep your articles short.

Much of the content you put in your newsletter can also be

used for your Web site. Microsoft Publisher offers a simple way to convert your newsletter to a Web publication. So, when you’re finished writing your newsletter, convert it to a Web site and post it.

Inside Story Headline

This story can fit 100-150 words.

The subject matter that appears in newsletters is virtually endless. You can include stories that focus on current technologies or innovations in your field.

You may also want to note business or economic trends, or make predictions for your

customers or clients.

If the newsletter is distributed internally, you might comment upon new procedures or improvements to the business. Sales figures or earnings will show how your business is growing.

Some newsletters include a column that is updated every issue, for instance, an advice

column, a book review, a letter from the president, or an editorial. You can also profile new employees or top customers or vendors.

Inside Story Headline

This story can fit 75-125 words.

Selecting pictures or graphics is an important part of adding content to your newsletter.

Think about your article and ask yourself if the picture supports or enhances the message you’re trying to convey. Avoid selecting images that appear to be out of context.

Microsoft Publisher includes thousands of clip art images from which you can choose and import into your newsletter. There are also several tools you can use to draw shapes and symbols.

Once you have chosen an image, place it close to the article. Be sure to place the caption of the image near the image.

SWADHAR Greh, NYSASDRI (for women in distress)

Swadhar Greh is a program that extends needful support to those who are destitute or homeless due to family discord, domestic violence, mental stressors, sexual abuse, or other challenges. For the rehabilitation of women in difficult circumstances, NYSASDRI created Swadhar Greh to provide shelter to women while they get back

on their feet. This enables them to live their life with justice and dignity while undergoing vocational training to become economically independent and self-reliant.

Vocational Training & Services

For the rehabilitation of women in difficult circumstances, NYSASDRI created Swadhar Greh, which provides shelter to these women. This shelter has a capacity for 30 women and 7 children.

Residents are provided free accommodation, food, and clothes. They also receive services including quality counselling, legal aid, teaching to increase their awareness of social issues, behavioural training, entertainment, recreational activities, and free health check-ups. Finally, they work towards independence through vocational training in occupations such as mushroom cultivation,

nursery operations, kitchen work, gardening and tailoring. This vocational training helps them work towards economic independence, which in turn promotes self-respect and dignity for the participants. During the year 2022-2023, a total of 39 women and 17 children were enrolled in the Swadhar Greh. After the program, 24 women were returned to their parent's house, 24 women returned to their spouse's house, and 2 went to stay at a relative's home. A total of 68 residents and 30 children have been provided free healthcare via check-ups. A doctor assesses each patient on a weekly basis and provides residents with appropriate needs-based services. Four children were enrolled in the Santhasara Primary School and 11 children enrolled in the Anganwadi Centre (ICDS). Gondia, a Child Development project officer, took leadership as the chairperson of the newly formed Home Committee of Swadhar Greh. The Committee provides quarterly reviews on the quality of food, satisfaction of the residents, state of the facilities, and the quality of counselling. From this meeting, the committee gives recommendations for improvements. Four committee meetings were held this year.

Swadhar Greh welcomed several important visitors this year. On June 6th, 2022, the Deputy Collector, DSWO, and CDPO visited. On June 22nd, 2022 a counsellor from One Stop Centre, Dhekanal visited Swadhar Greh for special counselling. On Dec 27th, 2022, a district monitoring team visited and established a District monitoring committee under the leadership of the Additional District Magistrate, District Social Welfare Officer, Child Welfare Committee,

Child Development Project Officer, and Protection Officer.

During this period Swadhar Greh also created an awareness programme regarding violence against women and girls. Gondia SI, ICDS Supervisors, Gondia block project coordinator, advocate, GPLF secretary, and a social worker participated in the programme.

Bakunata Nath Sahoo and Sumitra Mohapatra from district head quarter hospital, Dhenkanal visited on July 29th, 2022 for a special counselling and to test for

HIV & Syphilis. A counsellor from the One Stop Center, Dhenkanal visited Swadhar Greh for quarterly counselling sessions. On India's 75th Independence Day, while all of India celebrated, Swadhar Greh was also celebrating. Amrit Mahoschav and the W & CD department organised activities from August 15th to October 2nd for residents of Swadhar Greh. Under this activities calendar, residents participated in activities like knowledge competitions, drawing, jhoti, Debate, musical chairs, antakshari competitions, and even performed a skit on domestic violence. On August 17th, 2022, there was a cleaning of the institutions and mass pledging on the memory of of

Gandhiji's visit to Odisha. In keeping with the quote, "Clean environment, clear mind," the staff of Swadhar Greh cleaned the office and office premises before taking a pledge with the residents to keep their surroundings neat. That day residents and staff also planted plants throughout the Swadhar Greh campus. For Dewali, all the residents of NYSASDRI, Swadhar Greh celebrated by lighting the lamp. On Panchuka (Kartika

celebrated by making rangoli in the Swadhar Greh premises. For Prathamastami, Christmas and Mahashivratri residents' joy was apparent while preparing a variety of festive foods. At these joyful events the elder chil-

dren of residents wore new clothes and celebrated by dancing.

All the residents, children, and staff of NYSASDRI, Swadhar Greh joined together to celebrate New Year 2023. Everyone relaxed and enjoyed delicious food, singing and dancing. The Swadhar Greh Organization observed Republic Day in a similarly memorable way. That day, January 26th, 2023, everyone participated in a ceremonial unfurling of the flag and then enjoyed some sweets. A message was given by the superintendent, "Freedom in the mind, strength in the words, pureness in our blood, pride in our souls, zeal in our hearts. Let's salute our India on Republic Day."

Successful Case study:

Kabita is a 28 year old from Jenapur, Jajpur. Kabita was first married when she was only 17. However, her first husband was not able to provide financially, and soon began to physically and mentally abuse her. When her husband was arrested for robbery, she moved back in with her father and began working again. After a while, a relative forced her to start working a job she did not enjoy. A man named Dilu Naik helped her to escape this

job and return home. She got pregnant by Dilu Naik and got married to him. However, he too began to abuse her physically and mentally. When Dilu Naik threatened to kill her, she went to the Family Counseling Center to seek justice. The FCC referred her to NYSASDRI Swadhar Greh for accommodation and rehabilitation, where she engaged in vocational training so she could be self-reliant and counselling for personal improvement. After counselling, she met her husband at the Swadhar Greh office with the counsellors. There, Kabita and her husband came to a mutual agreement, and today they are living together in peace and happiness. The efforts of Swadhar Greh counsellors were very successful in Kabita's case and greatly helped to improve her life. This is the beauty of the Swadhar Greh model: it gives individuals the tools and skills to overcome future challenges on their own. This case exemplifies how counsellors, especially the highly-skilled ones at Swadhar Greh, can be a powerful force for change in society.

Deemed Orphanage

During fiscal year 2022-2023, a total 18 children were enrolled and 16 children got discharged from the home. Special care is rendered to children who arrive at Swadhar Greh. This includes support for education, recreation activities, additional food supplementation, health check-ups, and medicine for ill children.

Family Counselling Centre

The Family Counselling Centre (FCC) of NYSASDRI has extended joint or individual counselling sessions to 108 families out of the 102 cases enrolled during the reporting year. Counsellors organize sessions with active participation from Local Police, Panchayat Raj Institution members, District Social Welfare Officers, Protection Officers, and other advocates who have the authority

to reconcile grievances community members may have with authorities in the region. In response to their specific need, some families may be referred to legal aid, police stations, Swadhar Greh, Ujjawala, and the Women's Cell opened by the government at the district level. Four sub-committee meetings conducted reviews of current programs affecting the community and approved future plans of action. The Family Counselling Centre has conducted 22 publicity and awareness campaigns on different social issues in schools, offices, and the community. Topics covered include development of better self-control and building awareness of the need to stop violence against women. Here is a case study showing the ability of the FCC to create positive, lasting change in the community. Rina Sethy is a 35 year old woman who was blessed with a child. However, she had been caught up in a family dispute for the past 7 years and had been mentally tortured by her husband and in-laws following the marriage. She came from a poor family, and she is a housewife by trade. Her husband had an affair with another woman while her son was 2 years old. Her husband, in-laws, and even the woman her husband had an affair with had been psychologically abusive towards her. She had no one to support her. Her husband was using all his earnings to pay for the family of the woman he was having an affair with, saving none for his wife and child. As a result, she had very little money and

struggled to raise her son. Thus, on 15/12/2022 she filed a case in Family Counselling Centre, Dhenkanal. After listening to her situation, the counselor issued a notice to both parties to attend counselling. During a long meeting at the Family Counselling Centre, both parties expressed their side of the story. Taking both perspectives, the staff of the Family Counselling Centre had a long discussion with Rina and her husband. In the end, all parties came to reach a mutual understanding and understand each other's importance and values. At the end of the session, both parties were very satisfied and mutually agreed to end the case. Her husband, Bharat Chandra Sethy, signed a contract promising to stay away from the woman he was previously having an affair with. He also agreed to focus instead on his family and to bear all the expenses of Rina and their son. He promised to take responsible for the family, addressing problems that might arise and looking after his family members. Following this successful counselling by the FCC, both are living together peacefully and happily with their son. This is but one example of the transformative power the FCC can have for families.

COLLECTOR
DHENKANAL

Conditions

1. The license is granted subject to all the provisions of immoral Traffic (Prevention) Act, 1956 (No 104 of 1956) and the prevention of immoral Traffic (Orissa) rules, 1959.
2. The license shall affix on a conspicuous part of the Protective Home, a sign board on wich shall be painted in large letters in English and Hindi/Odia, the name of the Protective Home.
3. The license shall not be transferable.
4. The license shall remain in force for a period of one year form the date of issue

NYSASDRI Educational Complex

NYSASDRI runs an educational complex at Hukumtola in the Rayagada district of Odisha. Currently, 127 tribal girls are being provided with primary education up to class 5.

They are also able to live at the school and receive food, uniforms, sundry and toiletry items, learning materials, pocket money,

sports opportunities, excursions (such as picnics), healthcare check-ups, and necessary medications. Finally, the school provides incentives for good behaviour and performance to the students.

A total of 127 tribal girls are studying at the school. Besides regular classes, the students also participate in friendly speech, song, drawing, and dance competitions during special events and holidays. They take part in extracurricular activities such as gardening and vocational trainings such as toy making, tailoring, nursery, paper shopping bag making, etc. The school organizes other events and festivals including the observation of Rakshya Bandhan, Diwali, Holi, New Years, International Women's Day, Republic Day, Independence Day, Children's Day, Teacher's Day, and many more. As part of the Annual Day program, the girls take part

Class – 01	26
Class – 02	24
Class – 03	12
Class – 04	36
Class – 05	29
Total	127

in organized Annual sports competitions and Annual cultural events and the winners are awarded prizes. Girls take part in maintaining the kitchen garden on campus that produces fresh, nutritious vegetables and greens for the children. Finally, the school organized a parents meeting in November 2022 with both the students and parents present. There, the instructors shared about the progress of the students and updated the parents on what they had learned.

On January 12th, 2023, two Class-V students, Anupama Mundika and Chandini

Mundika, competed in a speech competition for National Youth Day at Ramkrishna Mission School in Hatmuniguda. They demonstrated the excellence of our institution by winning 1st and 2nd place for their superb oratory abilities.

NYSASDRI School of Journalism and Social work (NSJS)

The NSJS is recognized by the Government of Odisha Tourism & Culture Department and is affiliated with the Utkal University of Culture. The school was founded in 2013 and

started from 2022 and total 45 Students enrolled in MSW 40 & 05 enrolled in the

has now been teaching students for a full decade. During the last 10 yrs (2013-23) 465 students have been enrolled and 298 students have completed the Master in Social Work and Master in Journalism and Mass Communication programs. After the Corona virus pandemic in 2019, physical classes

MAJMC program in the academic session 2022-23. The school organizes welcome ceremonies for freshmen students and farewell ceremonies for graduating students. Current students take part in lectures, seminars, fieldwork, and receive NGO placement for real-world experience. There is a library, community area, hostel, and cafeteria for both male and female students. Students' performance is assessed by regular mid-semester and semester examinations

Since its founding, 100% of the school's students have successfully passed all courses and graduated. According to the instructors, each year NSJS has produced excellent and capable students that will go on to have a positive and lasting impact in their

communities. In the past year, due to post covid-19 the final semester examination of MSW and MAJMC was not held yet. Almost all of the past pass-out students have been successfully placed in well-recognized and reputable organizations of social service or journalism after graduation or have chosen to further their studies in other institutions.

NSJS sponsors and encourages regular extracurricular activities such as cultural exploration programs, sports, excursions, field trips, and social activities with their fellow students. The school also observes national holidays and other special occasions. One event served to raise awareness of violence against women while others included the observational of International Women's Day, World Environmental Day 2023, Independence Day, Republic Day, Ganesh Puja, Saraswati Puja, etc .

School Partnership/Sponsorship Programme

Under the School Partnership Programme, there exists an ongoing exchange of ideas and resources between the British Public School (a NYSASDRI School), Kashipur, SEED Kanyashram (Tandapally), and the

NYSASDRI School (Hukumtola). During special days and national programme, the schools partner to provide additional food, clothing, and teaching to poor and needy children. The schools partner for other projects as well, from providing healthcare to campus development activities. Examples of some projects include vegetable cultivation, flower planting, renovation work, installation of play equipment, renovations of a hostel, ensuring beautification and cleanliness of the school campus,

The Meikirch Model: a new experiment in community health

The Meikirch Model is an innovative approach to healthcare. It teaches us to develop our personal knowledge, attitude, and practices for prevention and control of diseases so that we can each maintain a healthier, better life. This new philosophy on the nature of health suggests that with very little money individuals, health workers, and governments could do much more for public health than they currently do. The theory states that every person has basic human needs such as adequate nutrition, safety, hygiene, social integration, and procreation. To reach these ends, everyone receives two potentials: certain abilities derived from their biology and others they must personally acquire during their life.

These abilities are not always present, and one can decrease or increase these abilities over their lifespan, which is why they are called “potentials”. A person can only be healthy when the biologically derived and personally acquired potentials are enough to cover all basic human needs. When they are

insufficient, the individual will become ill.

The Meikirch Model suggests that governments should teach much more about health in schools and through mass media. By increasing personal knowledge about health, individuals can work to increase their personally acquired potential and decrease their odds of becoming sick. As people take control of their own health, health services will become more effective and cost-efficient.

This model has already been employed by NYSASDRI in the villages of Odisha. Following the Covid pandemic, NYSASDRI organised several village meetings and awareness programmes. Utilizing NYSASDRI staff and volunteers, the organization educated and disseminated health information to the people of the area. This enabled them to take proactive control of their health, which led to better health outcomes for these individuals.

Self-help support for differently-abled persons

NYSASDRI had already implemented a self-help support program for differentially abled people in Digamberpur village of the Gondia block of Dhenkanal. However, this year, NYSASDRI supplemented this self-help support program with additional vocational training, self-help groups, and by opening revolving bank accounts that allow individuals to safely gain access to capital. A review of the program was conducted, and we are now revolving the funding to reach more individuals in the area. To better implement these programs, the NYSASDRI staff have attended monthly meetings and support resources were made available to them. In addition, we have engaged family and community members to cooperate in this support, allowing us to implement the program more effectively.

Digamberpur village is a revenue village in the Digamberpur GP, Gondia block, Dhenkanal district. It is located 14 kilometres from the Block Head Quarters on the Nihalprasad route. The village has 189 households, all of which are homogenous. From these households, we have identified 20

people with disability through the REHASWISS project, as this project focuses on improving life for the vulnerable and the differently abled. Individuals can possess any form of disability, either physical, mental, or motor-sensory impairments. These individuals tend to be very reliant on their family for assistance, which places a large burden on their family and can make life extremely difficult for them. These individuals often need special attention such as frequent medication dosing, frequent monitoring, additional care, sympathy, and endless helping hands. Because of their unique behavior and the suffering they undergo, these individuals can sometimes create a traumatic atmosphere for their community. Domestic chaos can prevail, which, sadly, may end in domestic violence. In this area, very few people have come forward to help support these individuals. Thus, these individuals can become a burden on their family and community. However, as human beings, they cannot simply be thrown out or dismissed as unable to contribute to society.

One example of such an individual is 42-year-old Digamberpur native Bhajaman Rout, the son of Dhadi Rout. He is mentally handicapped and suffers from schizophrenia (70% disabled). He was declared mentally handicapped at age 15. Since then, his mental health has continued to degrade, despite medication. He is married and has a 12-year-old daughter. He is from the schedule caste neighborhood and earns a living by trading dried fish. His family, who live below the poverty line, get a little help at the gram panchayat level. For instance, they receive the handicap allowance of Rs. 500 and rations of 15 kg of rice each month. However, this isn't enough to maintain the family. His family's traditional business of dry fish has been managed by his wife, but it has not been profitable enough to meet their daily needs. When Bhajaman's difficult situation was brought to our notice, we stepped in to help. He was provided a revolving fund of Rs. 20,000 in December 2022. For someone whose business makes just Rs. 250-300 in profit per day, this financial support was lifechanging. It changed the way they lived and their entire outlook on life. Using this funding, his wife can purchase larger quantities of dried fish to resell, causing her income to gradually increase. Today, her

family is finally able to make ends meet. She hopes to continue growing the business and improving their situation. She is resilient enough to shoulder her family's burden and support Bhajaman, previously she simply lacked the access to capital to do so. Now that she has these resources, she can make a living and be a valuable contributor to society. She is readjusting to independence and overcoming her reliance on others. She is very thankful to NYSASDRI & REHASWISS for this lifechanging support.

REHSWISS Project Evaluation

On December 9th, 2022, Mr. C.S Ravindran visited the NYSASDRI Self Help Project in Govindpur, Sadar Block and in Nilakanthapur and Mathatentulia villages of Gondia block, Dhenkanal district, Odisha. During his visit he inspected, interacted with individuals of the differently abled persons self-help group, and inspected the status of the PWDs after the Fani disaster and Covid 19 pandemic. He physically verified their different micro-entrepreneurial activities, documented the progress, and encouraged differently abled individuals and their families to participate productively in the project. The main objective of the programme

evaluation was to evaluate the project status (beneficiaries/groups) after the Covid-19 pandemic, especially how the groups are collecting money and revolving the money on their own. Mr. Ravindran was happy with the results of the evaluation and the impact that the program is having. families to participate productively in the project. The

main objective of the programme evaluation was to evaluate the project status (beneficiaries/groups) after the Covid-19 pandemic, especially how the groups are collecting money and revolving the money on their own. Mr. Ravindran was happy with the results of the evaluation and the impact that the program is having.

Restoration of Degraded Forests and Livelihood Improvement of Forest - Dependent Communities (OFSDP-II)

Since its inception, NYSASDRI has played a key role in the protection of forest and wild-life through community forest management concepts. The organisation showed interest in joining hands with OFSDP-II because its mandates matched with project objectives for ensuring joint forest management. NYSASDRI has served as the partner NGO in the Dhenkanal Forest Division, working with OFSDP-II, since 2017. The organisation

has deployed 18 personnel in 6 teams to work in 6 Forest Management Units (FMUs: Dhenkanal, Hindol, Kamashya Nagar East, Kamakshya Nagar West, Sadangi, and Kapilash) adopted under the Dhenkanal Forest Division. The staff are engaged in several activities in 6 forest management units, and provides coverage via 150 Vana Surakshya Samiti (VSS) and 220 women self-help groups

During the reporting period, progress has included 150 VSS adopted under 6 FMUs of OFSOP-II in Dhenkanal Forest Division. These projects started with identification of the project target villages, reconstitution of VSS, survey & demarcation of VSS assigned areas (6305 ha where plantation, forest fire protection, and consolidation/demarcation of forest boundaries are undertaken), Micro Plan completed in 150 villages, and preparation of VSS Annual Plans and Convergence activities plans at project level. Farm Forestry Plantation covered a total area of 1211 ha over 97 VSS. This was undertaken on the Individual farmlands of more than 2,000 beneficiaries where seedlings of 100.5 lakhs have been planted during the past 3

years. Of the 1211 ha total, Pulpwood model plantation was performed exclusively in 845 ha. As for livelihood and convergence activities, Rs.2.00 lakhs have been released under the project to each of the 150 VSSs towards revolving funds accounts for income generating activities. Under Convergence, with the help of the Agriculture Department, Horticulture Department, Animal Husbandry, KVK, KCIC, Mission Sakti, FDA, etc., different livelihood support activities and the creation of community assets have taken place in the VSS villages.

Comprehensive Eye Care Services

Since its inception, Kalinga Eye Hospital has made it a priority to ensure quality at every stage of eye care delivery. In recent years, there has been a trend of hospitals applying for NABH quality accreditation. Seeing this as an opportunity to enhance the quality and efficiency of care delivery, Kalinga Eye Hospital has applied for NABH accreditation. Kalinga Eye Hospital was only able to conduct 333 free eye camps during the year, Total 06 vision centre(Athamalick, Kishorenagar, Khamar, Bhuban, Sriramchandrapur, Gondia, and Khajuriakata are working in Dhenkanal and Angul district . Over the entire year, Kalinga Eye Hospital was able to help only 7821 needy and deserving people directly through surgical interventions and through sight restoration activities. Project Raahi: Kalinga Eye Hospital has always recognized the importance of eye health for the overworked truckers' community. Their vision is important not only to their livelihood, but to ensuring the safety of all drivers on the road. Since truck drivers often can't come to appointments for

eye care services, Kalinga Eye Hospital has joined with Sightsavers India to take the services directly to them. Our innovative eye health program, RAAHI, is the first in the district to specifically target the overworked community of truck drivers. In the initial phase, the program has partnered with Jindal Steel & Power Limited (JSPL) in Angul. As one of the biggest industries of this region, over 500 trucks have come to the JSPL truck yard campus every day since we launched this program on January 3rd, 2023. In these three months alone, 1504 drivers have been screened for eye problems and 847 drivers have been provided with refraction-corrected glasses under the program.

- Observation of special days (World Sight Day, EDF, IWD etc)
- Dr Garnayak Expired
- Eye Camp at GMR, SOVA ,Netram Foundation
- Enhanced IOL Surgeries Higher package Surgery
- Inauguration of Vision Centre Bhuban
- Community Eye Care Programmes

FREE EYE SCREENING CAMP AT GMR Kamalanga Energy Ltd.

On February 28th, 2023, a free eye screening camp was conducted by Kalinga Eye Hospital, Dhenkanal at GMR EDC, GKEL Township in association with GMR Kamalanga Energy Ltd. and GMR Varalakshmi Foundation. The outpatient department (OPD) is open for visits from 9:00 am to 6:00 pm. The program was inaugurated by the GMR Plant head, Sri Manoj Mishra. The Varalakshmi Foundation team had already informed the people in the community through messages and loudspeakers, so the patients showed up excitedly on the day of the project. All the duties had been well planned and pre-assigned. Thus, a registration desk was quickly established, and rooms were marked for specific tasks (Visual Acuity, Refraction, Screening and Pharmacy or Room for Medicine). Registration of patients was done outside of the refraction room so that patients could be sent from registration to measure their visual acuity. In total, 232 patients were seen at this OPD. Of these, 83 were provided with medicines, 102 were prescribed eyeglasses, and 10 had visually significant cataracts identified for future surgeries.

Mobile Eye Clinic launched

Kalinga Eye Hospital and Unity launched a mobile eye clinic in Dhenkanal on May 27, 2022. The launch was attended by Phanindra Babu Nukella, CEO, Vision 2020 India, Sarangadhar Samal, Director, Kalinga Eye Hospital, and Anindita Roy, Programme Manager, Vision 2020 Sightsavers helped by bringing the van to the district, and NYSASDRI provided support in other ways. With the launch of this mobile eye clinic, Kalinga Eye Hospital brings eye care to the doorstep of people who are unable to access it. This is an especially effective tool to reach underprivileged, elderly, and female patients. The mobile van increases our reach into the community. According to Mr. Samal, it provides not only access to vision screening, but also diagnosis of many other ocular health conditions. Equipped with state-of-the-art facilities, the van supports comprehensive eye screening services and will cover the entire district of Dhenkanal. With this comprehensive eye care program, Kalinga Eye Hospital expects to reach about 6,000 people in the next six months. This project will increase eye health awareness and reduce blindness due to refractive errors, cataracts, and diabetic retinopathy.

FORM-2

(See Rule-3(5))

GRANT RENEWAL OF CERTIFICATE OF REGISTRATION TO ESTABLISHMENT/MAINTAIN A
CLINICAL ESTABLISHMENT.

Messer/Doctor Sri Sarangadhar Samal, Proprietor of M/s Kalinga Eye Hospital, Dakhinakali Road, Dhenkanal are/is hereby issued the certificate of registration/Renewal of Registration to run a Nursing Home/Clinical Establishment subject to the conditions stipulated herein at "Conditions of Registration from 1 to 7 vide below".

2. The Certificate of Registration/Renewal of Registration shall be valid from 20.08.2017 to 19.08.2022.
3. The name(s) of the technical person to remain in –charge, Dr. Chandrasekhar Sahoo, M.S.(Ophthal) I/C M.O.Regd.No.15724/Dt.06.06.2015
4. Registration Number of the Certificate: 725/07.
Date of Issue..16.11.18

Signature of the Supervising Authority.

COLLECTOR
DHENKANAL

Infrastructure Development of SEED School

NYSASDRI has been active in female education in the village of S.Tandapalli of Malkanagiri district. Initially, we started a tribal girls school with 50 students. Today, that number has grown to more than 168 tribal girls, all continuing their primary education from class 1 to class 6. We were excited to add class-VI starting this present 2022-23 academic session. While it is great to increase how many students we can teach, the

existing class room and hostel are no longer sufficient for all of the girls. In addition, the current hostel building is 20 years old with an old tin roof and mud walls. Thus, based on the increased need for space to accommodate students, NYSASDRI is constructing a new building and renovating the existing hostel building. The construction work is ongoing and will be completed by July 2024.

REPORT OF TLUD STOVE TEST PROGRAMME IN GONDIA BLOCK OF DHENKANAL DISTRICT, ODISHA

NYSASDRI was involved in the TLUD Stove test program in Gondia block of Dhenkanal District, Odisha. TLUD stands for top-lift updraft gasifier, an advanced type of stove that utilizes organic matter but releases less smoke and emissions. As per the HELIOZ guidelines, we distributed stoves to 4 selected household representatives in two tribal villages of Gondia Block that we had previously surveyed. Each of these households had to meet several criteria. They had to be using three stone stoves/ Traditional stoves with 90% fire wood, the family size had to be within 5-6, and a woman had to be the primary cook of the household. After an orientation and demonstration to the selected households

about the TLUD stove, each household received their stove on November 6th, 2022. Based on the program guidelines we have regularly followed up with the households and collected information on a weekly basis. At the end of the two weeks, our staff visited the respective households and collected information, as per the established monitoring parameters, and recorded the final results. After use of the TLUD cookstove, all beneficiaries were satisfied with the stove. Other people in the community saw their happiness and wanted a TLUD stove for themselves. They appreciated how the stoves are smokeless, less time

consuming, use less firewood, are easy to carry from one place to another, pose less risk, and are good for one's health. However, they did note some downsides to the TLUD stove including the difficulty in cutting firewood to put it in the stove, size limitations that made it difficult to prepare large meals, and a need for timber and bamboo firewood which is not available in

every household (due to the type of surrounding forest). In addition, forest officials are not allowed to collect firewood from the protected or village forests. It may also be difficult for forest people to obtain charcoal, since they are restricted from having markets. As a result, people often use hard coal instead of charcoal.

Observation of International Women's Day 2023

On 8 March, the female staff at NYSASDRI, NYSASDRI School of Journalism, and Kalinga Eye Hospital came together to celebrate International Women's Day in different project areas. This year, the theme for international women's day was 'Embrace Equity'. The program included an awareness campaign, an organised rally, and other smaller events. Dhirendra Kumar Mohanty, NYSASDRI, Sabita Behera, Kalinga Eye Hospital, and Sangita Rout shared their

observations of how having women in the workforce can improve productivity and grow the organization. After these events, all participants gained an appreciation of the efforts being taken to empower women at NYSASDRI, both through education on various life skills and training to build their internal strength and resilience.

Programme on violence against women and girls

On December 2nd, 2022 Swadhar Greh and FCC staffs organized an awareness programme and a rally raising awareness of the violence that occurs against women and girls. These events focused on creating awareness within the residents/women and girls about gender based violence, the legal

provisions available, and the various skill training opportunities available for them to become financially independent and self-reliant. A total of 45 residents of Swadhar Greh, one ICDS worker, and a woman from SHG participated.

Professional training course

Skills, knowledge, and innovation are important driving forces of economic growth and social development in our nation. To further strengthen India, Kalinga Eye Hospital prioritizes such education. Vocational (or skill-based) education is becoming increasingly important, with many employers expecting new employees to start out possessing many practical skills. Vocational education is similarly critical for those who must support their families immediately after completion of senior secondary school. Kalinga Eye Hospital is affiliated with the National Council of Vocational and Research Training and runs a one-year ophthalmic assistant diploma course and six-month optician course. An affiliated

University, Singhanian University, Rajasthan, currently offers a 2-year diploma in optometrics, something we have decided to emulate. Thus, via a 2022-2023 collaboration with the founder of the Ophthalmic & Optometry Research Centre, Kalinga Eye Hospital is organizing a 4-year bachelor's degree programme in optometry and a 2-year diploma in optometry to take place on the hospital premises. 07 students continuing 2 years Diploma Course partner with CSR.

Involvement

NYSASDRI VOLUNTEER ABROAD OPPORTUNITY

Volunteers of all ages and backgrounds are a tremendous asset to our program. Every volunteer brings unique characteristics, but all share the same passion for making a difference in the lives of the most destitute and disregarded members of society. Our volunteer program is intended to offer participants like yourself an opportunity to learn about and immerse themselves in a foreign culture and practice cross-cultural understanding. It will offer an opportunity to showcase your ideas and work, while providing NYSASDRI a valuable opportunity

to learn from you. Our vision is for this interchange of thoughts, ideas, and experience to create a tangible, positive impact on our society and your learning. It is a unique opportunity to make a tangible difference in peoples' lives in a short volunteer program. Participants will gain perspective and insight on foreign culture, different ways to approach problems, and how to aid the most vulnerable members of society. Further, volunteers can take pride in helping others while they live and work side-by-side with locals.

BECOME A PARTNER

If we are a good fit for your organization based on our operational area, target group, strategy, core competency, vision, mission, issues, transparency, and accountability, you may select us as a partner agency. We understand that no single organization – regardless of size, reputation, or service – can effectively supply all aspects of a

solution. Therefore, we have developed an ecosystem of partners around the world. Our collaborative partnerships combine the best of their services to help the needy fulfil their dreams. To find out more about our partner program, please contact us at nysasdri@yahoo.com or nysasdri@gmail.org.
